Quality Techno Certification  
Mark Governance Policy

Quality Techno Certification (QTC) declares that its mark shall not be used on a product, product packaging, or in any other way that may be interpreted as denoting product conformity.

Quality Techno Certification (QTC) shall not permit its marks to be applied by certified clients to laboratory tests, calibration, or inspection reports or certificates.

**The statement shall not imply that the product, process, or service is certified by this means. The statement shall include reference to:**

- Identification (e.g., brand or name) of the certified client
- The type of management system (e.g., quality, environment) and the applicable standard
- The certification body issuing the certificate

**Quality Techno Certification (QTC) requires that any of its certified clients:**

- Conforms to the requirements of Quality Techno Certification (QTC) when referencing its certification status in communication media such as the internet, brochures or advertising, or other documents
- Does not make or permit any misleading statement regarding its certification
- Does not use or permit the use of a certification document or any part thereof in a misleading manner
- Upon withdrawal of its certification, it discontinues its use of all advertising matter that contains a reference to certification
- Amends all advertising matters when the scope of certification has been reduced
- Does not allow reference to its management system certification to be used in such a way as to imply that Quality Techno Certification (QTC) certifies a product (including service) or process
- Does not imply that the certification applies to activities and sites outside the scope of certification
- Does not use its certification in such a manner that would bring the Quality Techno Certification (QTC) and/or certification system into disrepute and lose public trust

Quality Techno Certification (QTC) will exercise proper control of ownership. It shall take action to deal with incorrect references to certification status or misleading use of certification documents, marks, or audit reports.
